

## Internet Use Permission Form

Effective August 13, 2006, I have a website for piano lesson and professional pianist use. Beginning immediately, I would like to feature my piano students on the website under the heading "Featured Students". I would like your permission to use your child's likeness in any of the following ways of which you would approve. This form will be kept in your student's personal file maintained here in my studio and will be referenced before anything of your child appears on the website.

The URL is [www.MusicalMasters88.com](http://www.MusicalMasters88.com). This website, most likely, will only be viewed by people in this area. It is a handy tool for you to refer your relatives in order for them to see a picture of your child with their musical instrument and to be able to read about their accomplishments and hear their latest music. I have a digital camera with which to take pictures at the piano or with their instruments and an electronic keyboard hooked up to the computer with which to record their music. If you wish, I can provide you with a preview of the information pertaining to your child before it appears on the website.

Please check the areas below wherein I will have permission to use your child's information as noted on the website.

- First name only
- First name and Last initial only
- Picture with instrument
- Recorded music
- Accomplishments
- Please email me a preview of web information for my approval prior to posting (sound only previews will require viewing in person at the lesson)

I hereby grant my permission to Patti Jones to use my child's likeness in the above checked forms on the website [www.musicalmasters88.com](http://www.musicalmasters88.com) from this point on or until I expressly deny, in writing and hand delivered to Patti Jones, the use of my child's information.

I prefer that my child's likeness NOT be used in ANY form on the website.
